

1. Categorization of Open Actions in Management Implementation Plans

(i) In application of *Decision 16490-(19/18)* on the *Framework to Address Open Management Actions in Response to Board-Endorsed IEO Recommendations* (hereinafter, ***Triage Framework***), the Board endorsed the proposed classification of the outstanding actions, as proposed in *Categorization of Open Actions in Management Implementation Plans* (SM/19/282) under Categories 1–5 envisaged under the *Triage Framework*.

(ii) Accordingly:

- Thirty-eight of the outstanding actions have been assessed as “on-track” in *Tenth Periodic Monitoring Report (PMR) on the Status of Management Implementation Plans (MIPs) in Response to Board-Endorsed Independent Evaluation Office (IEO) Recommendations* (SM/19/282) and falling under Category 1 envisaged by the *Triage Framework*. These actions are further listed in the Annex 2 of SM/19/282 (Categorization Paper).
- Eight of the outstanding actions have been assessed as being “off-track” and falling under Categories 2-3 of the *Triage Framework*. These actions are identified in Sections B and C of SM/19/282 (Categorization Paper) and will be reformulated, in line with the *Triage Framework*. The proposed revisions to these actions will be implemented through one or more Management Actions Plans, as needed. The MIP(s), prepared in line with the Decision No. 15877-(15/95), will be presented to the Board’s Evaluation Committee no later than six months from the date of approval of this decision.
- Six of the outstanding actions have been assessed as being “off-track” and falling under Category 4 the *Triage Framework*. These actions are identified in Section D of SM/19/282 (Categorization Paper) and originated from the MIPs endorsed by the Board in 2012 and 2013. Five out of six actions have met the five-year PMR reporting requirement and have been substituted by other implementation workstreams and monitoring mechanisms. Such actions will be retired from PMR monitoring going forward. For one action in Category 4 (action 4.3, on regional and gender diversity) annual monitoring through the PMR will be extended for five additional PMR cycles, to help provide additional progress on regional and gender diversity objectives.
- Ten of the outstanding actions have been assessed as being “off-track” and falling under Category 5 of the *Triage Framework*. These actions are identified in Section E of SM/19/282 (Categorization Paper) and assessed to be superseded by new workstreams. Further monitoring of such actions through the PMR is considered redundant and the actions will be retired. (SM/19/282, Sup. 1, 02/07/20)
