INTRODUCTION

1. This paper presents for the information of Executive Directors the six Resilience and Sustainability Trust (RST) contribution agreements that had been finalized with contributors by the time of RST operationalization. Shortly after the Executive Board’s April 2022 approval of the establishment of the RST, the Managing Director wrote to 35 potential contributors with strong external positions, seeking their contributions in a total amount of at least SDR 33 billion.¹ To date, the Fund has received pledges amounting to SDR 30.4 billion from 17 members, of which SDR 25.3 billion are pledges to all three RST accounts (i.e., the Loan Account (LA), Deposit Account (DA) and the Reserve Account (RA)) that count toward the SDR 33 billion target, corresponding to 77 percent of the targeted contributions (see Table 1). By the date of RST operationalization on October 12, 2022, agreements had been finalized with six contributors.^{2, 3} Five members (or their institutions) contributed through a Contribution Package to all three of the RST’s accounts in proportion to the agreed ratios, while one member concluded a ‘standalone’ contribution to the DA and RA.⁴

¹ See Decision No. 17231-(22/37), adopted April 13, 2022, and with effect from May 1, 2022.

² Pursuant to Section III, Paragraph 2 of the Instrument to Establish the RST (the “RST Instrument”), the Managing Director is authorized to enter into contribution agreements and to make the necessary arrangements.

³ A few additional contribution agreements have since been finalized which will be circulated to the Executive Board in a follow-up paper once a critical mass of further contributions have been completed.

⁴ As specified in Section III, Paragraph 1(b) of the RST Instrument, each LA contributor is required to sign a Contribution Package with three parts—the Loan Account contribution (borrowing agreement), a Reserve Account contribution, and a Deposit Account contribution. Contributions to the RA and DA would be a minimum of 2 percent and 20 percent, respectively, of a contributor’s commitment to the LA. The Trust may also receive ‘standalone’ contributions to the RA and/or DA that are not unrelated to the LA contribution (see para 88-89 in [Board paper establishing the RST](#)).

¹ The table reports the amounts pledged or contributed. When pledges are reported, this table shows the amount as pledged by each country. In most of such cases, the pledge amount excludes the reserve account contribution, but at 2 percent of the loan contribution, its impact on the total amount is small. For some countries, pledges are subject to domestic procedures, including budgetary approvals.

² Standalone contributions to the Reserve and/or Deposit Accounts, without a contribution to the Loan Account.

2. The six concluded agreements provide for contributions in a total amount of about SDR 15.3 billion across the three RST accounts. Altogether, the agreements provide approximately SDR 8,613 million to the LA, approximately SDR 6,079 million to the DA and approximately SDR 631 million to the RA.⁵ Agreements were finalized as follows:

- a contribution agreement with the Government of Australia totaling SDR 927.2 million to all three accounts of the RST, effective October 11, 2022;
- a contribution agreement with Canada, as represented by the Minister of Finance, totaling SDR 1,387.6 million to all three accounts of the RST, effective September 27, 2022;

⁵ Finalized borrowing agreements represent 'committed' resources ready to be called for on-lending under RSF arrangements. Resources provided under finalized RA and DA agreements have already been disbursed to the RST's accounts, with the exception of Germany whose RA and DA contributions are expected to be received by end-February 2023.

- a contribution agreement with the People’s Bank of China totaling SDR 6,000 million to all three accounts of the RST, effective September 27, 2022;
- an agreement with the Federal Republic of Germany for contributions of the SDR equivalent of Euro 5,700 million to the DA and Euro 600 million to the RA, effective October 12, 2022. This agreement constitutes a ‘standalone’ contribution as no loan resources are being provided;
- a contribution agreement with the Government of Japan totaling SDR 798.0 million to all three accounts of the RST, effective October 6, 2022, with the LA and DA agreements in the form of a Note Purchase Agreement (NPA); and
- agreements with Spain, the first member to make its RST pledge effective with contributions to the LA and DA by the Bank of Spain and a contribution to the RA by the Ministry for the Economy and Digitalization—all effective September 8, 2022, totaling SDR 1,417.1 million.

TERMS OF CONTRIBUTION AGREEMENTS

3. Contribution agreements are all subject to uniform substantive terms. As envisaged in the RST policy paper, agreements with contributors are subject to uniform key substantive terms. Annex I summarizes these key financial terms as provided for in the RST Instrument. Key uniform terms include denomination of all transactions in SDRs, the requirement to meet the minimum threshold relative to committed loan resources of 20 and 2 percent, respectively, for the deposit and reserve contributions,⁶ the right to seek encashment of outstanding loan account and deposit contributions in case of a contributor’s balance of payments needs or due to developments in a contributor’s reserves,⁷ outstanding loan and deposit account claims are remunerated at an interest rate that cannot exceed the SDRi, and the investment of DA and RA resources under a uniform investment strategy. With the exception of the standalone contribution from Germany, which features a 10-year maturity for the contributions to both the DA and RA, all other agreements include the same terms for the timing of drawings, repayments, and financial arrangements in case of a termination event. Individual agreements are based on template agreements reflecting these key substantive terms.

4. Deviations from the standardized template are very minor. Deviations from the templates reflect legal and operational requirements of contributors with no implications for the uniformity of key substantive terms. For example, as contemplated in the RST Board paper, the three components of the contribution package could be signed for the member by one counterparty or broken up into separate agreements to be signed by different institutions. In the agreements with Canada, Germany, Japan, and Spain, the SDR denominated contributions to the RA (and DA in case of Germany) are

⁶ This requirement is not applicable to standalone contributions of deposits and/or reserves without loan resources.

⁷ Where the contributor is a not the member, this refers to the balance of payments and reserves position of the relevant member per se.

calculated in reference to an underlying commitment expressed in currency, and contributions are disbursed in currency, while under the agreements with Australia and China, the commitments are expressed in SDRs, and contributions are also disbursed in SDRs. The number of days for the notification period of the intention to draw on loan commitments varies modestly between five and seven days. In the case of Japan, the loan and deposit contributions are in the form of a note purchase agreement, with terms consistent with the key substantive terms of template agreements. Agreements with Australia and Canada include language regarding their treatment under domestic law.⁸

5. Table 2 summarizes the key financial terms of the finalized agreements and Attachments 1-8 present the full text of the agreements as executed.

¹ Germany committed to provide stand-alone contributions to the RST's Deposit and Reserve accounts. The deposit of EUR 5.7 billion and the reserve contribution of EUR 600 million will be delivered by end-February, 2023, and their SDR value is estimated at the exchange rate of the agreement's effectiveness date of October 12, 2022. The actual SDR value of these contributions will be determined two Fund business days prior to the value date of the contributions.

² The five LA agreements became effective when the Managing Director notified the Executive Board that the RST became operational on October 12, 2022.

³ SDR or freely usable currency in which the contribution is to be disbursed as laid out in the agreement. All contributions and transactions are denominated in SDR.

⁴ The right to encash applies to loan and deposit resources. For the LA, to fund a request for encashment of an outstanding loan the Trustee will call on resources committed by other contributors to the RST's Loan Account. Contributors will restore an amount equivalent to the encashed resources as soon as practicable in light of favorable developments in its balance of payments and reserve position.

⁵ On November 7, 2022, China waived its encashment right under paragraph 6 of the borrowing agreement to early repayment of any outstanding claims on the RST's Loan Account until the total amount of committed RST loan resources reaches SDR 11.8 billion.

⁸ See Attachment I Section IV.1 and Attachment II Section IV.1. Both agreements also use "will" instead of "shall" (used in the templates) with no impact on the substance of the provisions.

CONCLUSION

6. These six finalized agreements deliver critical resources for the operationalization of the RST and represent an important step towards the adequate funding of the RST. Additional contributions are needed to ensure that the RST is adequately resourced to meet demand from eligible members in the medium term. Crucially, the uniformity of key substantive terms allows for a streamlined process in finalizing contribution agreements that promises to translate into greater operational efficiency during the discussion of contribution agreements. Discussions with other contributors are ongoing, and staff will keep the Executive Board updated on new developments. Staff will periodically circulate to the Executive Board additional contribution agreements as they are finalized.

Annex I. Key Terms of RST Agreements

Loan Account (LA)	
Denomination	All transactions denominated in Special Drawing Rights (SDR).
Media	SDR or freely usable currencies. For payments by the Trust, other media can be agreed between the Trustee and contributors.
Drawdown period for loan account	November 30, 2030 (can be shorter on an exceptional basis). Drawing after November 30, 2030 is permitted to cover encashment calls for drawings that finance RST lending prior to November 30, 2030.
Loan account drawings	Each drawing will have its own financial profile, i.e., maturity and repayment schedule, consistent with the repayment schedule for RSF loan disbursements.
Maturity	Maximum maturity for each drawing is 20 years from the date the claim was originated (i.e., when resources were drawn).
Principal repayments	For each drawing, repayment will follow the same schedule as that for RSF loans (i.e., 20 equal semi-annual instalments beginning 10.5 years from the date of drawing).
Interest payments	Interest on each outstanding drawing will be calculated and accrued daily at the applicable SDR interest rate (SDRi), or lower if agreed with the contributor, during the Fund's financial quarter and paid promptly after each financial quarter. For example, for the first financial quarter, interest on each drawing would accrue from May 1 to July 31, and the interest payment would be made on promptly after July 31. ¹
Encashment	Loan claims are encashable upon a representation by the contributor of a balance of payments (BoP) or reserves need. At the time of the BoP or reserves need representation, any undrawn loan commitment will become unavailable for drawings. The repayment of all outstanding drawn amounts will be made from resources provided from calls under other contributors' LA contribution agreements. These calls would take on the same repayment terms as those of each encashed drawing. As soon as the contributor's BoP/reserve problem is resolved/mitigated as determined under conditions set out in the RST Instrument, the undrawn loan commitment amount under the LA agreement will become available for drawing.
Transfer of claims	A contributor's claims can be transferred to other RST contributors, other IMF members, and prescribed holders of SDRs.
Early repayment	The Trustee may repay part or all of any drawing at any time prior to the maturity of such drawing in case of early repayment by RST borrowers.
¹ This aligns the timing of LA interest payments with that for interest and charges on SDR holdings.	

Deposit Account (DA)	
Denomination	All transactions denominated in Special Drawing Rights (SDR).
Media	SDR or freely usable currencies. For payments by the Trust, other media can be agreed between the Trustee and contributors.
Due date	The deposit shall be made promptly on or after the effectiveness of the Contribution Agreement.
Maturity	Maturity of DA contributions (excluding stand-alone DA contributions) is November 30, 2050. For stand-alone contributions, the maturity date is agreed between the parties where a maturity of 10 years would be preferable.
Principal repayments	At the time of maturity, the principal amount of the original deposit will be returned to a contributor, net of any attributed losses, and the remaining net investment amount attributed to this specific contributor will be transferred to their RA claim.
Interest payments	Interest is calculated and accrued daily on the DA's principal amount at the SDRi (or lower if agreed with the contributor) and paid on a quarterly basis promptly after April 30, July 31, October 31, and January 31 of each year (similar to the interest payments on drawings under the LA). Interest would be paid regularly from accumulated balances in the DA.
Investment strategy	Resources will be invested in liquid, high-quality instruments based on a robust investment strategy that minimizes investment risk, approved and regularly reviewed by the Executive Board of the IMF.
Encashment	Contributors can encash their DA claims before maturity in case of representation of BoP and reserve needs. The encashment of DA claims would be funded from liquidation proceeds from the contributor's relative share in the market value of the pooled invested DA assets (which could be lower than the principal of the investment depending on market value of the portfolio at the time of encashment). The encashing contributor commits to reconstitute its DA deposit as soon as it no longer has a BoP/reserve need.
Transfer of claims	A contributor's claims can be transferred to other RST contributors, other IMF members, and prescribed holders of SDRs.
Early repayment	The Trustee may repay part or all of the DA contributions any time prior to their maturity as agreed between the Trustee and the contributor.

Reserve Account (RA)	
Denomination	All transactions denominated in Special Drawing Rights (SDR).
Media	SDR or freely usable currencies. For payments by the Trust, other media can be agreed between the Trustee and contributors.
Due date	The reserve contribution shall be made promptly on or after the effectiveness of the Contribution Agreement.
Maturity	No fixed maturity date for contributions to RA. For stand-alone contributions, the maturity date may be agreed between the parties where a maturity of 10 years would be preferable.
Principal repayments	Upon the liquidation of the Trust, the Trustee will distribute to contributors their shares in the resources of the Reserve Account. The Trustee can decide on early distribution.
Interest payments	None.
Investment strategy	Resources will be invested in liquid, high-quality instruments based on a robust investment strategy that minimizes investment risk, approved and regularly reviewed by the Executive Board of the IMF.
Encashment	No right to seek encashment.
Transfer of claims	A contributor's claims can be transferred to other RST contributors, other IMF members, and prescribed holders of SDRs.
Early repayment	The Trustee may repay part of the RA following the Trustee's decision to distribute a portion of the balances in the Reserve Account of the RST. Contributors will receive part of this distribution in proportion to their shares in the Reserve Account.

Attachment I. Contribution Agreement between the Government of Australia and the International Monetary Fund, as Trustee of the Resilience and Sustainability Trust

WHEREAS the International Monetary Fund (the “Fund”) has established the Resilience and Sustainability Trust (the “Trust”) to assist in fulfilling the purposes of the Fund by providing loans under the Resilience and Sustainability Facility of the Trust (the “RSF”) to eligible Fund members to enhance their economic resilience and sustainability;

WHEREAS, Australia has committed to contribute financial resources to the loan account (“Loan Account”), the deposit account (the “Deposit Account”) and the reserve account (the “Reserve Account”) of the Trust in accordance with the provisions of the Instrument to Establish the Resilience and Sustainability Trust (the “RST Instrument”);

WHEREAS, to fulfill Australia’s commitment, the Government of Australia (the “Contributor”) and the Fund, as Trustee (the “Trustee”) of the Trust, have reached understandings on a borrowing agreement (the “Borrowing Agreement”), a deposit agreement (the “Deposit Agreement”), and a reserve contribution agreement (the “Reserve Contribution Agreement”), jointly referred to as the Contribution Agreement;

NOW, THEREFORE, the Contributor and the Fund, as Trustee of the Trust, mutually decide on the terms and conditions of these contributions as follows:

I. BORROWING AGREEMENT

1. Amount. The Contributor decides to lend an amount up to the equivalent of SDR 760 million to the Loan Account of the Trust.

2. Drawings.

(a) The Trustee may make drawings under this Borrowing Agreement at any time during the period from the effective date of this Borrowing Agreement, as set forth in paragraph 3 of the Final Provisions below, through November 30, 2030 (the “drawdown period”) to finance loan disbursements under the RSF.

(b) The Trustee may make drawings under this Borrowing Agreement to finance early repayment of outstanding Trust borrowing under other borrowing agreements with the Loan Account pursuant to Section IV, Paragraph 3(b) of the RST Instrument for as long as claims under such borrowing agreements remain outstanding.

(c) The Trustee’s drawings under this Borrowing Agreement will be suspended following the Contributor’s request for early repayment under paragraph 6 of this Borrowing Agreement or when Australia is no longer included for transfers in the Fund’s Financial Transactions Plan, in accordance with Section IV, paragraph 4 of the RST Instrument.

(d) If Australia does not provide its consent to a proposed amendment to the RST Instrument pursuant to Section X, paragraph 2(a) of the RST Instrument, further drawings under this Borrowing Agreement to finance any new commitment of loans under the RSF that is made after the effectiveness of the proposed amendment will be suspended.

(e) If any installment of principal or interest is not paid to the Contributor within a period of ten Fund business days after its due date, the Trustee will not make further drawings under this Borrowing Agreement pending consultations with the Contributor on the matter. However, the Trustee may resume drawings under this Borrowing Agreement once all arrears to the Contributor have been discharged.

(f) Unless otherwise mutually decided between the Contributor and the Trustee, the Trustee will give the Contributor at least five (Canberra and Sydney) business days' notice of its intention to draw and will provide payment instructions at least two (Fund) business days prior to the value date of the transaction by SWIFT.

3. Denomination, Media, and Claim Certificate.

(a) The amount of each drawing will be denominated in SDRs. The amount will be paid by the Contributor on the value date specified in the Trustee's notice by transfer of SDRs to an account specified by the Trustee.

(b) Upon request, the Trustee will issue to the Contributor a non-negotiable certificate evidencing its claim on the Trust resulting from a drawing outstanding under this Borrowing Agreement.

4. Interest.

(a) Each drawing will bear interest at the SDR interest rate established by the Fund pursuant to Article XX, Section 3 of the Fund's Articles of Agreement.

(b) The amount of interest payable in respect of each drawing will be calculated on an actual day basis and will be paid on all outstanding drawings under this Borrowing Agreement on a quarterly basis promptly after January 31, April 30, July 31, and October 31 of each year.

5. Maturity and Repayment. Except as otherwise provided in this Borrowing Agreement, each drawing will be repaid in accordance with the repayment schedule for the loan disbursement under the RSF for which it was drawn, and at the time of each drawing, the Trustee will provide information to the Contributor on the specific repayment schedule for the amount drawn.

6. Encashment. The Contributor will be permitted to seek early repayment of all or part of the principal amount of its outstanding claims on the Loan Account of the Trust pursuant to Section IV, paragraph 3(b) of the RST Instrument if the Contributor represents that the balance of payments and reserve position of Australia justifies the early repayment, and the Trustee, having given this representation the overwhelming benefit of any doubt, concurs. Early repayment is in all cases subject to the availability of resources under borrowing agreements to the Loan Account of the Trust.

7. Early Repayment. The Trustee may repay any drawing or part thereof at any time in advance of maturity upon its receipt of early repayment of the corresponding loan disbursement under the RSF, provided that the Trustee will give notice to the Contributor at least five (5) (Fund) business days prior to such advance repayment.

8. Modality of Principal Repayment and Interest Payments.

(a) Unless otherwise mutually decided between the Trustee and the Contributor, payments of principal and interest by the Trustee will be made in SDRs.

(b) Payments in SDRs by the Trustee will be made by crediting Australia's holdings account in the Special Drawing Rights Department. If the due date is not a business day of the Fund, the payment will be made on the following business day of the Fund.

(c) Payments by the Trustee in currencies will be made to an account as mutually decided between the Trustee and the Contributor. If the due date is not a business day of the Fund or the Target system or the domestic markets of the non-euro currencies included in the SDR basket, the payment will be made on the following business day for the Fund, the Target system and the domestic markets of the non-euro currencies included in the SDR basket.

9. Transfer of Claims.

(a) The Contributor may transfer at any time all or part of any claim to any member of the Fund, to the central bank or other fiscal agency designated by such a member for purposes of Article V, Section 1 of the Fund's Articles of Agreement or to any official entity that has been prescribed as a holder of SDRs pursuant to Article XVII, Section 3 of the Fund's Articles of Agreement.

(b) The transferee will acquire all the benefits of the Contributor under this Borrowing Agreement with respect to repayment of principal and interest on the transferred claim, except that the transferee will be permitted to request early repayment under paragraph 6 of this Borrowing Agreement only if it is a member or the central bank or other fiscal agency of a member and, at the time of transfer, the member's balance of payments and reserve position was considered sufficiently strong in the opinion of the Fund for its currency to be usable in transfers under the Fund's Financial Transactions Plan.

10. Exchange Rates. Unless otherwise mutually decided between the Trustee and the Contributor, all transfers, exchanges, and payments of principal and interest in currencies will be made at the exchange rates for the relevant currencies in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund's Articles of Agreement and the rules and regulations of the Fund thereunder for the second (Fund) business day before the value date of the transfer, exchange or payment.

11. SDR Basket. If the Fund changes the currency composition or currency weights of the SDR basket, all transfers, exchanges, and payments of principal and interest made two or more (Fund) business days after the effective date of the change will be made on the basis of the new SDR basket.

II. DEPOSIT AGREEMENT

1. Amount of the Deposit. The Contributor will make a deposit (the “Deposit”) equivalent to SDR 152 million with the Deposit Account of the Trust (the “Original Amount of the Deposit

2. Denomination and Media.

(a) The Deposit will be denominated in SDRs.

(b) The Deposit will be made in either SDRs or a freely usable currency, as determined by the Contributor.

(c) The Deposit will be made promptly on or after the effectiveness of the Contribution Agreement.

3. Maturity. The Deposit will mature on November 30, 2050 (the “Maturity Date”).

4. Investment Strategy and Risk Disclosure.

(a) The resources from the Deposit will be invested by the Trustee in accordance with the guidelines adopted by the Trustee pursuant to Section VI, paragraph 4(a) of the RST Instrument.

(b) The assets of the Deposit Account are exposed to market and credit risk which could result in potential losses to the Original Amount of the Deposit.

5. Notional Value of the Deposit. For the purposes set out in paragraphs 6, 7, 8, and 9 of this Deposit Agreement, the Trustee will calculate the notional value of the Deposit based on the Original Amount of the Deposit and subsequently any attributed investment earnings or losses, interest payments made to the Contributor pursuant to paragraph 6 of this Deposit Agreement, if any, and transfers pursuant to paragraphs 8, 9, 10 or 11 of this Deposit Agreement or pursuant to Section VI, paragraphs 1(c) and 4(b)(2) of the RST Instrument (“Notional Value”).

6. Interest.

(a) The Trustee will pay the Contributor interest on the Original Amount of the Deposit less any amounts repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement at the SDR interest rate established by the Fund pursuant to Article XX, Section 3 of the Fund’s Articles of Agreement. Interest will accrue daily and will be paid promptly by the Trustee on a quarterly basis [after January 31, April 30, July 31 and October 31 of each year]. Any payment of interest will be limited to the Notional Value of the Deposit.

(b) Following any full repayment of the Deposit in accordance with paragraphs 7 and 9 of this Deposit Agreement, all remaining interest under paragraph 6(a) above, will be paid to the Contributor at the end of the Fund financial quarter in which repayment was made.

7. Repayment upon Maturity. As soon as practicable following the Maturity Date, the Trustee will repay the Deposit to the Contributor. The repayment amount will be the lower of: (a) the Original Amount of the Deposit less any amount(s) repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, and (b) the Notional Value of the Deposit. To the extent any transfers are received in the Deposit Account pursuant to Section VI, paragraph 1(c) of the RST Instrument after the Maturity Date, the Trustee will promptly repay to the Contributor any amounts received that are attributable to the Deposit.

8. Encashment. The Contributor will be permitted to seek early repayment of all or part of the Deposit (the “Encashed Deposit”), pursuant to Section IV, paragraph 5(e) of the RST Instrument, if the Contributor represents that the balance of payments and reserve position of Australia justifies the early repayment in advance of the Maturity Date and the Trustee, having given the representation the overwhelming benefit of any doubt, concurs. The Encashed Deposit amount will not exceed the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph or paragraph 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower. The Contributor will restore an amount equivalent to the Encashed Deposit to the Deposit Account as soon as practicable in light of favorable developments in Australia’s balance of payments and reserve position, as evidenced by the inclusion of the Australian currency in the Fund’s Financial Transactions Plan.

9. Early Repayment.

(a) The Trustee may repay all or part of the Deposit at any time in advance of the Maturity Date; provided that the repayment amount will not exceed the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph or paragraph 8 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower; and provided further that the Trustee will give notice to the Contributor at least five (5) Fund business days prior to any advance repayment.

(b) If Australia does not provide its consent to a proposed amendment to the RST Instrument as required under Section X, paragraph 2(a) of the RST Instrument, the Contributor may request the return of a portion of the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph and paragraph 8 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower, with that portion based on the ratio of remaining uncommitted loan resources to total loan commitments under the Contributor’s Borrowing Agreement in accordance with Section X, paragraph 2(b) of the RST Instrument.

10. Liquidation. If the Trustee decides to wind up the operations of the Trust, the Trust will repay the Deposit to the Contributor, at the Original Amount of the Deposit less any amount(s) repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower, and in accordance with liquidation procedures under the RST Instrument, provided that the Trustee will notify the Contributor in advance of the repayment. Payment will be made to an account specified by the Contributor, which can include an account or trust administered by the Fund.

11. Transfer of Claims.

(a) The Contributor may transfer at any time all or part of any claim on the Deposit Account to any member of the Fund, to the central bank or other fiscal agency designated by such a member for purposes of Article V, Section 1 of the Fund’s Articles of Agreement, or to any official entity that has been prescribed as a holder of SDRs pursuant to Article XVII, Section 3 of the Fund’s Articles of Agreement.

(b) The transferee will acquire all the benefits of the Contributor under this Deposit Agreement with respect to repayment of and interest on the transferred claim, except that the transferee will acquire the benefit to request early repayment under paragraph 8 of this Deposit Agreement only if it is a member or the central bank or other fiscal agency of a member and, at the time of transfer, the member’s balance of payments and reserve position was considered sufficiently strong in the opinion of the Fund for its currency to be usable in transfers under the Fund’s Financial Transactions Plan.

12. Modality of Interest Payment and Repayment of the Deposit.

(a) Unless otherwise mutually decided between the Contributor and the Trustee, payment of interest will be made in SDRs and repayments of the Deposit will be made in SDRs.

WHEREAS, Canada has committed to contribute financial resources to the loan account (“Loan Account”), the deposit account (the “Deposit Account”) and the reserve account (the “Reserve Account”) of the Trust in accordance with the provisions of the Instrument to Establish the Resilience and Sustainability Trust (the “RST Instrument”); and

NOW, THEREFORE, the Contributor and the Fund, as Trustee of the Trust, agree on the terms and conditions of these contributions as follows:

I. BORROWING AGREEMENT

1. Amount. The Contributor agrees to lend an SDR-denominated amount up to the equivalent of C\$2,000,000,000 to the Loan Account of the Trust. This SDR-denominated amount will be determined at the exchange rate for the Canadian dollar in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund’s Articles of Agreement and the rules and regulations of the Fund thereunder as of the second (Fund) business day before the value date of the transfer by the Contributor of its contribution to the Reserve Account under the Reserve Contribution Agreement.

2. Drawings.

(a) The Trustee may make drawings under this Borrowing Agreement at any time during the period from the effective date of this Borrowing Agreement, as set forth in paragraph 3 of the Final Provisions below, through November 30, 2030 (the “drawdown period”) to finance loan disbursements under the RSF.

(b) The Trustee may make drawings under this Borrowing Agreement to finance early repayment of outstanding Trust borrowing under other borrowing agreements with the Loan Account pursuant to Section IV, Paragraph 3(b) of the RST Instrument for as long as claims under such borrowing agreements remain outstanding.

(c) The Trustee's drawings under this Borrowing Agreement will be suspended following the Contributor's request for early repayment under paragraph 6 of this Borrowing Agreement or when Canada is no longer included for transfers in the Fund's Financial Transactions Plan, in accordance with Section IV, paragraph 4 of the RST Instrument.

(d) If Canada does not provide its consent to a proposed amendment to the RST Instrument pursuant to Section X, paragraph 2(a) of the RST Instrument, further drawings under this Borrowing Agreement to finance any new commitment of loans under the RSF that is made after the effectiveness of the proposed amendment will be suspended.

(e) If any installment of principal or interest is not paid to the Contributor within a period of ten Fund business days after its due date, the Trustee will not make further drawings under this Borrowing Agreement pending consultations with the Contributor on the matter. However, the Trustee may resume drawings under this Borrowing Agreement once all arrears to the Contributor have been discharged.

(f) Unless otherwise agreed between the Contributor and the Trustee, the Trustee will give the Contributor at least five (Ottawa) business days' notice of its intention to draw and will provide payment instructions at least two (Fund) business days prior to the value date of the transaction by SWIFT.

3. Denomination, Media, and Claim Certificate.

(a) The amount of each drawing will be denominated in SDRs. The amount will be paid by the Contributor on the value date specified in the Trustee's notice by transfer of SDRs to an account specified by the Trustee.

6. Encashment. The Contributor will have the right to seek early repayment of all or part of the principal amount of its outstanding claims on the Loan Account of the Trust pursuant to Section IV, paragraph 3(b) of the RST Instrument if the Contributor represents that the balance of payments and reserve position of Canada justifies the early repayment, and the Trustee, having given this representation the overwhelming benefit of any doubt, agrees. Early repayment is in all cases subject to the availability of resources under borrowing agreements to the Loan Account of the Trust.

7. Early Repayment. The Trustee may repay any drawing or part thereof at any time in advance of maturity upon its receipt of early repayment of the corresponding loan disbursement under the RSF, provided that the Trustee will give notice to the Contributor at least five (5) (Fund) business days prior to such advance repayment.

9. Transfer of Claims.

(a) The Contributor will have the right to transfer at any time all or part of any claim to any member of the Fund, to the central bank or other fiscal agency designated by such a member for purposes of Article V, Section 1 of the Fund's Articles of Agreement or to any official entity that has been prescribed as a holder of SDRs pursuant to Article XVII, Section 3 of the Fund's Articles of Agreement.

(b) The transferee will acquire all the rights of the Contributor under this Borrowing Agreement with respect to repayment of principal and interest on the transferred claim, except that the transferee will acquire the right to request early repayment under paragraph 6 of this Borrowing Agreement only if it is a member or the central bank or other fiscal agency of a member and, at the time of transfer, the member's balance of payments and reserve position was considered sufficiently strong in the opinion of the Fund for its currency to be usable in transfers under the Fund's Financial Transactions Plan.

10. Exchange Rates. Unless otherwise agreed between the Trustee and the Contributor, all transfers, exchanges, and payments of principal and interest in currencies will be made at the

exchange rates for the relevant currencies in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund’s Articles of Agreement and the rules and regulations of the Fund thereunder for the second (Fund) business day before the value date of the transfer, exchange or payment.

11. SDR Basket. If the Fund changes the currency composition or currency weights of the SDR basket, all transfers, exchanges, and payments of principal and interest made two or more (Fund) business days after the effective date of the change will be made on the basis of the new SDR basket.

II. DEPOSIT AGREEMENT

1. Amount of the Deposit. The Contributor will make a deposit (the “Deposit”) of an SDR denominated amount equivalent to C\$400,000,000 with the Deposit Account of the Trust (the “Original Amount of the Deposit”). This SDR-denominated amount will be determined at the exchange rate for the Canadian dollar in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund’s Articles of Agreement and the rules and regulations of the Fund thereunder as of the second (Fund) business day before the value date of the transfer by the Contributor of its contribution to the Reserve Account under the Reserve Contribution Agreement.

2. Denomination and Media.

(a) The Deposit will be denominated in SDRs.

(b) The Deposit will be made in either SDRs or a freely usable currency, as determined by the Contributor.

(c) The Deposit will be made promptly on or after the effectiveness of the Contribution Agreement.

3. Maturity. The Deposit will mature on November 30, 2050 (the “Maturity Date”).

4. Investment Strategy and Risk Disclosure.

(a) The resources from the Deposit will be invested by the Trustee in accordance with the guidelines adopted by the Trustee pursuant to Section VI, paragraph 4(a) of the RST Instrument.

(b) The assets of the Deposit Account are exposed to market and credit risk which could result in potential losses to the Original Amount of the Deposit.

5. Notional Value of the Deposit. For the purposes set out in paragraphs 6, 7, 8, and 9 of this Deposit Agreement, the Trustee will calculate the notional value of the Deposit based on the Original Amount of the Deposit and subsequently any attributed investment earnings or losses,

interest payments made to the Contributor pursuant to paragraph 6 of this Deposit Agreement, if any, and transfers pursuant to paragraphs 8, 9, 10 or 11 of this Deposit Agreement or pursuant to Section VI, paragraphs 1(c) and 4(b)(2) of the RST Instrument (“Notional Value”).

6. Interest.

(a) The Trustee will pay the Contributor interest on the Original Amount of the Deposit less any amounts repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, at the SDR interest rate established by the Fund pursuant to Article XX, Section 3 of the Fund’s Articles of Agreement. Interest will accrue daily and will be paid promptly by the Trustee on a quarterly basis after January 31, April 30, July 31 and October 31 of each year. Any payment of interest will be limited to the Notional Value of the Deposit.

(b) Following any full repayment of the Deposit in accordance with paragraphs 7 and 9 of this Deposit Agreement, all remaining interest under paragraph 6(a) above, will be paid to the Contributor at the end of the Fund financial quarter in which repayment was made.

7. Repayment upon Maturity. As soon as practicable following the Maturity Date, the Trustee will repay the Deposit to the Contributor. The repayment amount will be the lower of: (a) the Original Amount of the Deposit less any amount(s) repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, and (b) the Notional Value of the Deposit. To the extent any transfers are received in the Deposit Account pursuant to Section VI, paragraph 1(c) of the RST Instrument after the Maturity Date, the Trustee will promptly repay to the Contributor any amounts received that are attributable to the Deposit.

8. Encashment. The Contributor will have the right to seek early repayment of all or part of the Deposit (the “Encashed Deposit”), pursuant to Section VI, paragraph 5(e) of the RST Instrument, if the Contributor represents that the balance of payments and reserve position of Canada justifies the early repayment in advance of the Maturity Date and the Trustee, having given the representation the overwhelming benefit of any doubt, agrees. The Encashed Deposit amount may not exceed the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph or paragraph 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower. The Contributor agrees to restore an amount equivalent to the Encashed Deposit to the Deposit Account as soon as practicable in light of favorable developments in Canada’s balance of payments and reserve position, as evidenced by the inclusion of the Canada’s currency in the Fund’s Financial Transactions Plan.

9. Early Repayment.

(a) The Trustee may repay all or part of the Deposit at any time in advance of the Maturity Date; provided that the repayment amount may not exceed the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph or paragraph 8 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit,

whichever is lower; and provided further that the Trustee will give notice to the Contributor at least five (5) Fund business days prior to any advance repayment.

(b) If Canada does not provide its consent to a proposed amendment to the RST Instrument as required under Section X, paragraph 2(a) of the RST Instrument, the Contributor may request the return of a portion of the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph and paragraph 8 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower, with that portion based on the ratio of remaining uncommitted loan resources to total loan commitments under the Contributor's Borrowing Agreement in accordance with Section X, paragraph 2(b) of the RST Instrument.

10. Liquidation. If the Trustee decides to wind up the operations of the Trust, the Trust will repay the Deposit to the Contributor, at the Original Amount of the Deposit less any amount(s) repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower, and in accordance with liquidation procedures under the RST Instrument, provided that the Trustee will notify the Contributor in advance of the repayment. Payment will be made to an account specified by the Contributor, which can include an account or trust administered by the Fund.

11. Transfer of Claims.

(a) The Contributor will have the right to transfer at any time all or part of any claim on the Deposit Account to any member of the Fund, to the central bank or other fiscal agency designated by such a member for purposes of Article V, Section 1 of the Fund's Articles of Agreement, or to any official entity that has been prescribed as a holder of SDRs pursuant to Article XVII, Section 3 of the Fund's Articles of Agreement.

(b) The transferee will acquire all the rights of the Contributor under this Deposit Agreement with respect to repayment of, and interest on, the transferred claim, except that the transferee will acquire the right to request early repayment under paragraph 8 of this Deposit Agreement only if it is a member or the central bank or other fiscal agency of a member and, at the time of transfer, the member's balance of payments and reserve position was considered sufficiently strong in the opinion of the Fund for its currency to be usable in transfers under the Fund's Financial Transactions Plan.

12. Modality of Interest Payment and Repayment of the Deposit.

(a) Unless otherwise agreed between the Contributor and the Trustee, payment of interest and repayments of the Deposit will be made in SDRs.

(b) Payment of interest and repayment of the Deposit in SDRs will be made by crediting the amount due to Canada's holdings account in the Special Drawing Rights Department. If the due

date is not a business day of the Fund, the payment will be made on the following business day for the Fund.

(c) Payment of interest and repayment of the Deposit by the Trustee in currencies will be made to an account as agreed between the Trustee and the Contributor. If the due date is not a business day of the Fund or the Target system or the domestic markets of the non-euro currencies included in the SDR basket, the payment will be made on the following business day for the Fund, the Target system and the domestic markets of the non-euro currencies included in the SDR basket.

13. Exchange Rate. Unless otherwise agreed between the Contributor and the Trustee, all transfers, exchanges, payments of interest, or repayments of the Deposit under this Deposit Agreement in currencies will be made at the exchange rates for the relevant currencies in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund's Articles of Agreement and the rules and regulations of the Fund thereunder for the second (Fund) business day before the value date of the transfer, exchange, payment of interest, or repayment.

The Contributor will have a proportional share in the Reserve Account, based on its Contribution, any resources that are transferred from the Deposit Account and attributed to the Contributor's contribution to the Deposit Account pursuant to Section VI, Paragraph 5(d) of the RST Instrument, and attributed investment earnings or losses in the Reserve Account.

General Terms and Conditions for Notes Issued Under the Loan Account Note Purchase Agreement Between the International Monetary Fund as Trustee of the Resilience and Sustainability Trust and the Government of Japan

These General Terms and Conditions are issued in accordance with the Instrument to Establish the Resilience and Sustainability Trust (the “Trust”), adopted by Executive Board Decision No. 17231(22/37), adopted April 13, 2022, and the Loan Account Note Purchase Agreement, which is a constituent part of the Contribution Agreement between the International Monetary Fund (the “Fund”) as Trustee (the “Trustee”) of the Trust and the Government of Japan (the “Contributor”), to which they are attached.

1. Definitions. The following definitions apply for purposes of these General Terms and Conditions:

(a) “Permitted Holder” means (i) the Contributor, (ii) a member of the Fund, (iii) the central bank or other fiscal agency designated by a member of the Fund for purposes of Article V, Section 1 of the Fund’s Articles of Agreement (“fiscal agency of a member”), and (iv) an official entity that has been prescribed as a holder of special drawing rights (SDRs) pursuant to Article XVII, Section 3 of the Fund’s Articles of Agreement (“Prescribed SDR holder”). Permitted Holders shall be the only authorized holders of Notes.

(b) “Notes” mean the promissory notes that are subject to these General Terms and Conditions.

(c) “Relevant Member” means, in the case of a Permitted Holder that is the central bank, fiscal agency or other official institution of a member of the Fund, that member of the Fund.

2. Form, Delivery and Custody of Notes.

(a) Notes will only be issued in book entry form. The Trustee will establish and maintain in its records a book entry account in the name of each Permitted Holder recording pertinent details of all Notes issued, including the number, issue date, principal amount, and maturity date. As of the value date of each purchase or transfer of a Note, the Trustee will make an appropriate entry in its records regarding details of the Note purchased or transferred. The making of such an entry in the records of the Trustee shall constitute a taking of delivery of the Note by the Contributor or transferee.

(b) Upon the request of a Permitted Holder, the Trust will issue to the Permitted Holder a registered Note substantially in the form set out in Annex 2 to the Contribution Agreement, including without limitation the legend regarding restrictions on transfer of Notes. Each such registered Note will bear as its issue date the value date of the purchase of the Note and shall be

issued in the name of the relevant Permitted Holder. Unless otherwise agreed between a Permitted Holder and the Trustee, the Trustee will keep registered Notes in custody for the Permitted Holder, and acceptance of custody by the Trustee shall constitute delivery of Notes to the Permitted Holder.

3. Maturity

(a) Except as otherwise provided in this paragraph 3 and in paragraph 6(b) of these General Terms and Conditions, each Note shall have a maturity date that is six months from its issue date. The Trustee may in its sole discretion elect to extend the maturity date of any Note or of any portion thereof by additional periods of up to six months after the initial maturity date, which extension the Trustee shall automatically be deemed to have elected with respect to the maturity dates then in effect for all Notes unless, at least five (Fund) business days before a maturity date, the Trustee notifies a Permitted Holder in writing that the Trustee does not elect to extend the maturity date of the particular Note or portion thereof; provided however that, in no event, shall the maturity date of any Note be extended to a date that is later than the maturity dates for the loan disbursement under the Resilience and Sustainability Facility of the Trust for which it was issued. For purposes of the preceding sentence, Notes issued in connection with the early repayment of other Trust borrowing pursuant to Section IV, paragraph 3(b) of the RST Instrument, shall have the maximum maturity dates associated with such other borrowing. At the time of issuance of a Note, the Trustee shall provide information on the specific repayment schedule for the Note issued.

(b) The Trustee shall pay the principal amount of each Note on the maturity date that is applicable to that Note in accordance with subparagraph (a) of this paragraph 3.

(c) The Trustee may make an early repayment in part or in full of the principal amount of any Note at any time in advance of maturity upon its receipt of early repayment of the corresponding loan disbursement under the RSF, provided that the Trustee notifies a Permitted Holder at least five (Fund) business days before any such early repayment.

(d) The Trustee will cancel a Note upon repayment of the principal amount of the Note and all accrued interest. If the Trustee makes early repayment of less than the principal amount of a Note, the Trustee will cancel the Note and issue a new Note for the remainder of the amount, with the same maturity date as the cancelled Note. If the maturity date of a Note is extended with respect to less than the principal amount of the Note, the Trustee will cancel the Note and issue a new Note for the remainder of the amount, with the extended maturity date.

(e) Any Note to be cancelled by the Trustee that is not already in the custody of the Trustee shall be surrendered by the Permitted Holder to the Trustee for cancellation.

4. Rate of Interest.

(a) Interest on each Note shall be computed at the SDR interest rate established by the Fund pursuant to Article XX, Section 3 of the Fund's Articles of Agreement.

(b) The amount of interest payable on each Note shall be calculated on an actual day basis and shall be paid on a quarterly basis promptly after July 31, October 31, January 31, and April 30 of each year.

5. Transferability of Notes.

(a) A Permitted Holder has the right to transfer at any time all or part of any Note to any member of the Fund, to the central bank or other fiscal agency of such a member, or to a Prescribed SDR holder.

(b) The transferee shall, as a condition of the transfer under this paragraph 5, assume all the obligations of the transferor with respect to extensions of the maturity of the Note pursuant to paragraph 3(a) of these General Terms and Conditions. Any Note or part thereof transferred pursuant to this paragraph 5 shall be held by the transferee on the same terms and conditions as the Note was held by the transferor, except as provided in paragraph 6 of these General Terms and Conditions with respect to the right to early payment at the request of a Permitted Holder.

(c) The price of a Note transferred pursuant to this paragraph 5 will be as agreed between the transferor and the transferee.

(d) The transferor of a Note shall inform the Trustee promptly of all or part of the Note that is being transferred, the name of the transferee, the agreed price for the transfer, and the value date of the transfer. The transfer shall be recorded by the Trustee and the transferee shall become the holder of the Note only if such transfer is in accordance with this paragraph 5. Subject to the foregoing, upon recording, the transfer shall be effective as of the value date agreed between the transferee and the transferor.

(e) For all transfers under this paragraph 5, the Trustee will cancel the Note that has been transferred in whole or in part and, if the Note is a registered Note, the transferor shall, as a condition for the transfer, surrender for cancellation any such registered Note that is not already in the custody of the Trustee. Upon cancellation of the relevant Note, the Trustee will issue a new Note in the name of the transferee for the principal amount transferred and, where appropriate, a new Note in the name of the transferor for any part of the principal amount retained by it. The issue date of each new Note will be the issue date of the cancelled Note, and the new Notes will have the same maturity date (including any maturity date resulting from extensions of a previous maturity date) that is applicable to the cancelled Note pursuant to paragraph 3 of these General Terms and Conditions. The form and delivery of each new Note will be as specified in paragraph 2 of these General Terms and Conditions.

(f) If all or part of a Note is transferred, the Trustee will pay the full interest payment for that period to the transferee.

(g) Derivative transactions in respect of any Note, and transfers of participation interests in any Note, are prohibited.

6. Early Payment by the Trust at Request of Certain Permitted Holders.

(a) The rights provided in subparagraph (b) of this paragraph 6 shall apply only to a Permitted Holder that is: (A) the Contributor, or (B) a member of the Fund or the central bank or other fiscal agency of a member of the Fund that has acquired the Notes by transfer if, at the time of such transfer, the balance of payments and reserve position of the member or Relevant Member, as the case may be, was considered sufficiently strong in the opinion of the Fund for its currency to be usable in transfers under the Financial Transactions Plan.

(b) If a Permitted Holder covered under subparagraph (a) of this paragraph 6 represents that its balance of payments and reserve position (the balance of payments and reserve position of the Relevant Member if the Permitted Holder is the central bank or other fiscal agency of a member or other official institution of a member) justifies early payment of all or part of the principal amount of the Permitted Holder's Notes covered by subparagraph (a) of this paragraph 6, and if the Trustee, having given this representation the overwhelming benefit of any doubt, agrees, then the Trust shall pursuant to Section IV, paragraph 3(b) of the RST Instrument pay the principal amount of the Permitted Holder's Notes covered by subparagraph (a) of this paragraph 6 that is then outstanding, up to the amount for which early payment has been requested, and subject to the availability or resources under borrowing agreements and note purchase agreements to finance the Loan Account of the Trust.

7. Media and Modalities of Payments on the Notes.

(a) Unless otherwise agreed between the Trustee and the Permitted Holder, payments of the principal amount of the Notes and of interest on the Notes by the Trustee shall be made in SDRs.

(b) Payments in SDRs by the Trustee shall be made by crediting the holdings account in the Special Drawing Rights Department of the Permitted Holder or of the Relevant Member, as the case may be. If the due date is not a business day of the Fund, the payment shall be made on the following business day of the Fund.

(c) Payments by the Trustee in currencies shall be made to an account as agreed between the Trustee and the Permitted Holder. If the due date is not a business day of the Fund or the Target system or the domestic markets of the non-euro currencies included in the SDR basket, the payment shall be made on the following business day for the Fund, the Target system and the domestic markets of the non-euro currencies included in the SDR basket.

8. Effective Exchange Rate for Payments.

Unless otherwise agreed between a Permitted Holder and the Trustee, all payments in currency of principal and interest under these General Terms and Conditions will be made at the exchange rates for the relevant currencies in terms of the SDR established pursuant to Article XIX, Section 7(a) of the Fund's Articles of Agreement and the rules and regulations of the Fund thereunder for the second (Fund) business day before the value date of the payment. If this exchange rate

determination date is not a business day in the Permitted Holder's principal location, then such date will be the last preceding business day of the Fund that is also a business day in the Permitted Holder's principal location.

9. Changes in Method of Valuation of SDR.

If the Fund changes the currency composition or currency weights of the SDR basket, all transfers, exchanges, and payments of principal and interest on the Notes made two or more (Fund) business days after the effective date of the change will be made on the basis of the new SDR basket.

10. Settlement of Questions.

Any question arising under any Note shall be settled by mutual agreement between the relevant Permitted Holder and the Trustee.

(g) “Relevant Member” means, in the case of a Holder that is the central bank, fiscal agency or other official institution of a member of the Fund, that member of the Fund.

2. Form, Delivery and Custody of Notes.

(a) Notes will only be issued in book entry form. The Trustee will establish and maintain in its records a book entry account in the name of each Holder recording pertinent details of all Notes issued, including each Note’s number, issue date and Principal Amount. As of the value date of the purchase or any transfer of a Note, the Trustee will make an appropriate entry in its records regarding details of the Note purchased or transferred. The making of such an entry in the records of the Trustee shall constitute a taking of delivery of the Note by the Contributor or transferee.

(b) Upon the request of a Permitted Holder, the Trustee will issue to the Permitted Holder a registered Note substantially in the form set out in Annex 4 to the Contribution Agreement, including without limitation the legend regarding restrictions on transfer of Notes. Each such registered Note will bear as its issue date the value date of the purchase of the Note and shall be issued in the name of the relevant Holder. Unless otherwise agreed between a Holder and the Trustee, the Trustee will keep registered Notes in custody for the Holder, and acceptance of custody by the Trustee shall constitute delivery of Notes to the Holder.

3. Interest.

(a) Subject to subparagraph (c) of this paragraph 3, interest accrues on the Principal Amount of the Note at the SDR interest rate established by the Fund pursuant to Article XX, Section 3 of the Fund’s Articles of Agreement.

(c) Any payment of interest shall be limited to the Notional Value of the Note.

4. Encashment.

(a) The rights provided in subparagraph (b) of this paragraph 4 shall apply only to a Holder that is: (i) the Contributor or (ii) a member of the Fund or the central bank or other fiscal agency of a member of the Fund that has acquired the Notes by transfer if, at the time of such transfer, the balance of payments and reserve position of the member or the Relevant Member, as the case may be, was considered sufficiently strong in the opinion of the Fund for its currency to be usable in transfers under the Financial Transactions Plan.

(b) A Holder covered under subparagraph (a) of this paragraph 4 shall have the right to seek early repayment of all or part of the Principal Amount of a Note (the “Encashed Amount”), pursuant to Section VI, paragraph 5(e) of the RST Instrument, if the Holder represents that its balance of payments and reserve position (the balance of payments and reserve position of the Relevant Member if the Holder is the central bank or other fiscal agency or other official institution of a member) justifies the early payment in advance of the Maturity Date and the Trustee, having given this representation the overwhelming benefit of any doubt, agrees. The Encashed Amount may not exceed the Notional Value of the Note.

(c) By exercising the right described in subparagraph (b) of this paragraph 4, the Holder agrees to restore an amount equivalent to the Encashed Amount to the Deposit Account of the Trust as soon as practicable in light of favorable developments in its balance of payments and reserve position (the balance of payments and reserve position of the Relevant Member if the Holder is the central bank or other fiscal agency or other official institution), as evidenced by the inclusion of its or the Relevant Member’s, as applicable, currency in the Fund’s Financial Transactions Plan. When the Encashed Amount is restored to the Deposit Account of the Trust, the Principal Amount of the Note will be increased accordingly.

(d) The Principal Amount and the Notional Value of a Note shall be adjusted for the amount repaid upon early repayment under subparagraph (b) of this paragraph 4 or for the Encashed Amount that is restored in accordance with subparagraph (c) of this paragraph 4.

(e) For all early repayments under subparagraph (b) of this paragraph 4, the Trustee will cancel the Note that has been repaid in whole or in part and, if the Note is a registered Note, the Holder shall, as a condition for the repayment, surrender for cancellation any such registered Note that is not already in the custody of the Trustee. Upon cancellation of the relevant Note, the Trustee will issue a new Note for any part of the Principal Amount not repaid. In the event an Encashed Amount is restored to the Deposit Account of the Trust pursuant to subparagraph (c) of this paragraph 4, the Trustee will cancel the Note, and if the canceled Note was a registered Note, the Holder shall, as a condition for the issuance of the new Note, surrender for cancellation any such registered Note that is not already in the custody of the Trustee. Upon cancellation of the relevant Note, the Trustee will issue a new Note that reflects the restored amount. In either case, the issue date of the new Note will be the issue date of the cancelled Note, and the form and delivery of each new Note will be as specified in paragraph 2 of these Terms and Conditions.

5. Early Repayment.

(a) The Trustee may redeem any Note, in whole or in part, at any time in advance of the Maturity Date; provided that the repayment amount may not exceed the Notional Value of the Note; and provided further that the Trustee will give notice to the Contributor at least five (5) Fund business days prior to any redemption.

(b) If Japan does not provide its consent to a proposed amendment to the RST Instrument as required under Section X, paragraph 2(a) of the RST Instrument and the Contributor is

the Holder of a Note, a portion of such Note will be repayable at the option of the Contributor; provided that the repayment amount may not exceed the Notional Value of the Note; and provided further that the repayable portion of the Note will be based on the ratio of remaining unissued notes to total note purchase commitments under the Contributor's Loan Account Note Purchase Agreement in accordance with Section X, paragraph 2(b) of the RST Instrument.

(c) Upon early repayment of any Note under this paragraph 5, the Principal Amount and the Notional Value of the Note shall both be adjusted for the amount repaid.

(d) For all early repayments under this paragraph 5, the Trustee will cancel the Note that has been repaid in whole or in part and, if the Note is a registered Note, the Holder shall, as a condition for the repayment, surrender for cancellation any such registered Note that is not already in the custody of the Trustee. Upon cancellation of the relevant Note, the Trustee will issue a new Note for any part of the Principal Amount not repaid. The issue date of the new Note will be the issue date of the cancelled Note. The form and delivery of each new Note will be as specified in paragraph 2 of these Terms and Conditions.

6. Liquidation. If the Trustee decides to wind up the operations of the Trust, the Trustee shall redeem 100 percent of the Principal Amount of any Note in accordance with the liquidation procedures under the RST Instrument; provided that the repayment amount may not exceed the Notional Value of any Note; and provided further that the Trustee shall notify the Holder in advance of the redemption. Payment will be made to an account specified by the Holder, which can include an account or trust administered by the Fund. Following a redemption under this paragraph 6, the Notes will be cancelled by the Trustee.

7. Transferability of Notes.

(a) A Holder has the right to transfer at any time all or part of any Note to any other Permitted Holder. The Trustee shall inform the Holder about the most recent Notional Value of the Note.

(b) The transferor of a Note shall inform the Trustee promptly of all or part of the Note that is being transferred, the name of the Permitted Holder who is the transferee, the agreed price for the transfer, and the value date of the transfer. The transfer shall be recorded by the Trustee. Upon recording, the transfer shall be effective as of the value date agreed between the transferee and the transferor.

(c) For all transfers under this paragraph 7, the Trustee will cancel the Note that has been transferred in whole or in part and, if the Note is a registered Note, the transferor shall, as a condition for the transfer, surrender for cancellation any such registered Note that is not already in the custody of the Trustee. Upon cancellation of the relevant Note, the Trustee will issue a new Note in the name of the transferee for any part of the Principal Amount transferred and, where appropriate, a new Note in the name of the transferor for any part of the Principal Amount retained by it. The issue date of each new Note will be the issue date of the cancelled Note. The form and delivery of each new Note will be as specified in paragraph 2 of these Terms and Conditions.

(d) If less than the full Principal Amount of the Note is transferred, the Principal Amount of the new Note to be held by the transferor shall be reduced by the transferred amount, and the Notional Value of that new Note shall be proportionally reduced from the Notional Value of the original Note that was held by the transferor. The Principal Amount and the Notional Amount of the new Note to be held by the transferee shall be the transferred amount and the amount equal to the difference between the Notional Value of the original Note that was held by the transferor and the Notional Value of the new Note to be held by the transferor, respectively.

(e) If all or part of a Note is transferred, the Trustee will pay interest for the full period on the amount transferred to the transferee.

(f) Derivative transactions in respect of any Note, and transfers of participation interests in any Note, are prohibited.

8. Payment upon Maturity. As soon as practicable following the Maturity Date, the Trustee shall repay the Holder of a Note the Principal Amount or the Notional Value of that Note, whichever is lower.

9. Media and Modalities of Payments; Cancellation of Note; and Payment after Cancellation.

(a) Unless otherwise agreed between the Holder and the Trustee, the Trustee shall pay interest and make repayment of the Note in SDRs.

(b) Payment of interest and repayment of the Notes in SDRs shall be made by crediting the amount due to the Holder's or Relevant Member's, as applicable, account in the Special Drawing Rights Department. If the due date is not a business day of the Fund, the payment shall be made on the following business day for the Fund.

(c) Payment of interest and repayment of the Notes in currencies shall be made to an account agreed between the Trustee and the Holder. If the due date is not a business day of the Fund or the Target system or the domestic markets of the non-euro currencies included in the SDR basket, the payment shall be made on the following business day for the Fund, the Target system and the domestic markets of the non-euro currencies included in the SDR basket.

(d) Upon the full repayment of the Principal Amount or the Notional Value of the Note, whichever is lower, the relevant Note shall be cancelled, and any remaining interest accrued from the last interest payment date to, but excluding, that repayment date shall be paid to the Holder at the end of the Fund financial quarter in which the repayment was made.

(e) To the extent any transfers are received in the Deposit Account of the Trust pursuant to Section VI, paragraph 1(c) of the RST Instrument after the cancellation of a Note under subparagraph (d) of this paragraph 9, the Trustee shall promptly pay to the last Holder of that Note any amounts received that are attributable to that Note.

- 10.** Exchange Rates. Unless otherwise agreed between a Holder and the Trustee, all payments of interest and repayments in currency under these Terms and Conditions will be made at the exchange rates for the relevant currencies in terms of the SDR established pursuant to Article XIX, Section 7(a) of the Fund's Articles of Agreement and the rules and regulations of the Fund thereunder for the second (Fund) business day before the value date of the payment. If this exchange rate determination date is not a business day in the Holder's principal location, then such date will be the last preceding business day of the Fund that is also a business day in the Holder's principal location.
- 11.** SDR Basket. If the Fund changes the currency composition or currency weights of the SDR basket, all payments of interest on the Notes and repayments of the Notes two or more (Fund) business days after the effective date of the change shall be made on the basis of the new SDR basket.

Attachment VI. Borrowing Agreement between Banco De España and the International Monetary Fund, as Trustee of the Resilience and Sustainability Trust

WHEREAS the International Monetary Fund (the “Fund”) has established the Resilience and Sustainability Trust (the “Trust”) to assist in fulfilling the purposes of the Fund by providing loans under the Resilience and Sustainability Facility of the Trust (the “RSF”) to eligible Fund members to enhance their economic resilience and sustainability;

WHEREAS, the Kingdom of Spain (“Spain”) has committed to contribute financial resources to the loan account (“Loan Account”), the deposit account (the “Deposit Account”) and the reserve account (the “Reserve Account”) of the Trust in accordance with the provisions of the Instrument to Establish the Resilience and Sustainability Trust (the “RST Instrument”); and

WHEREAS, to fulfill Spain’s commitment, Banco de España (the “Contributor”) and the Fund, as Trustee (the “Trustee”) of the Trust, have reached understandings on a borrowing agreement (the “Borrowing Agreement”) and a deposit agreement (the “Deposit Agreement”) to contribute to the Loan Account and the Deposit Account respectively, and the Ministry for Economy and Digitalization and the Trustee have also reached understandings on a reserve contribution agreement (the “Reserve Contribution Agreement”) to contribute to the Reserve Account;

NOW, THEREFORE, the Contributor and the Trustee agree on the terms and conditions of this Borrowing Agreement as follows:

1. Amount. The Contributor agrees to lend an SDR-denominated amount up to the equivalent of Euros 1,525,000,000 to the Loan Account of the Trust. This SDR-denominated amount will be determined at the exchange rate for the euro in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund’s Articles of Agreement and the rules and regulations of the Fund thereunder as of the second (Fund) business day before the value date of the transfer by the Contributor of its contribution to the Reserve Account under the Reserve Contribution Agreement.

2. Drawings.

(a) The Trustee may make drawings under this Borrowing Agreement at any time during the period from the effective date of this Borrowing Agreement, as set forth in paragraph 13(b) below, through November 30, 2030 (the “drawdown period”) to finance loan disbursements under the RSF.

(b) The Trustee may make drawings under this Borrowing Agreement to finance early repayment of outstanding Trust borrowing under other borrowing agreements with the Loan Account pursuant to Section IV, Paragraph 3(b) of the RST Instrument for as long as claims under such borrowing agreements remain outstanding.

(c) The Trustee's drawings under this Borrowing Agreement shall be suspended following the Contributor's request for early repayment under paragraph 6 of this Borrowing Agreement or when Spain is no longer included for transfers in the Fund's Financial Transactions Plan, in accordance with Section IV, paragraph 4 of the RST Instrument.

(d) If Spain does not provide its consent to a proposed amendment to the RST Instrument pursuant to Section X, paragraph 2(a) of the RST Instrument, further drawings under this Borrowing Agreement to finance any new commitment of loans under the RSF that is made after the effectiveness of the proposed amendment shall be suspended.

(e) If any installment of principal or interest is not paid to the Contributor within a period of ten Fund business days after its due date, the Trustee shall not make further drawings under this Borrowing Agreement pending consultations with the Contributor on the matter. However, the Trustee may resume drawings under this Borrowing Agreement once all arrears to the Contributor have been discharged.

(f) Unless otherwise agreed between the Contributor and the Trustee, the Trustee shall give the Contributor at least five (Madrid) business days' notice of its intention to draw and shall provide payment instructions at least two (Fund) business days prior to the value date of the transaction by SWIFT.

3. Denomination, Media, and Claim Certificate.

(a) The amount of each drawing shall be denominated in SDRs. The amount shall be paid by the Contributor on the value date specified in the Trustee's notice by transfer of SDRs to an account specified by the Trustee.

5. Maturity and Repayment. Except as otherwise provided in this Borrowing Agreement, each drawing shall be repaid in accordance with the repayment schedule for the loan disbursement under the RSF for which it was drawn, and at the time of each drawing, the Trustee shall provide information to the Contributor on the specific repayment schedule for the amount drawn.

6. Encashment. The Contributor shall have the right to seek early repayment of all or part of the principal amount of its outstanding claims on the Loan Account of the Trust pursuant to Section IV, paragraph 3(b) of the RST Instrument if the Contributor represents that the balance of payments and reserve position of Spain justifies the early repayment, and the Trustee, having given this representation the overwhelming benefit of any doubt, agrees. Early repayment is in all cases subject to the availability of resources under borrowing agreements to the Loan Account of the Trust.

7. Early Repayment. The Trustee may repay any drawing or part thereof at any time in advance of maturity upon its receipt of early repayment of the corresponding loan disbursement under the RSF, provided that the Trustee will give notice to the Contributor at least five (5) (Fund) business days prior to such advance repayment.

8. Modality of Principal Repayment and Interest Payments.

(a) Unless otherwise agreed between the Trustee and the Contributor, payments of principal and interest by the Trustee shall be made in SDRs.

If the due date is not a business day of the Fund or the Target system or the domestic markets of the non-euro currencies included in the SDR basket, the payment shall be made on the following business day for the Fund, the Target system and the domestic markets of the non-euro currencies included in the SDR basket.

9. Transfer of Claims.

(a) The Contributor shall have the right to transfer at any time all or part of any claim to any member of the Fund that is a participant in the Fund's SDR Department, to the central bank or other fiscal agency designated by such a member for purposes of Article V, Section 1 of the Fund's Articles of Agreement or to any official entity that has been prescribed as a holder of SDRs pursuant to Article XVII, Section 3 of the Fund's Articles of Agreement.

(b) The transferee shall acquire all the rights of the Contributor under this Borrowing Agreement with respect to repayment of principal and interest on the transferred claim, except that the transferee shall acquire the right to request early repayment under paragraph 6 of this Borrowing Agreement only if it is a member or the central bank or other fiscal agency of a member and, at the time of transfer, the member's balance of payments and reserve position was considered sufficiently strong in the opinion of the Fund for its currency to be usable in transfers under the Fund's Financial Transactions Plan.

10. Exchange Rates. Unless otherwise agreed between the Trustee and the Contributor, all transfers, exchanges, and payments of principal and interest in currencies shall be made at the exchange rates for the relevant currencies in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund's Articles of Agreement and the rules and regulations of the Fund thereunder for the second (Fund) business day before the value date of the transfer, exchange or payment.

11. SDR Basket. If the Fund changes the currency composition or currency weights of the SDR basket, all transfers, exchanges, and payments of principal and interest made two or more (Fund) business days after the effective date of the change shall be made on the basis of the new SDR basket.

Attachment VII. Deposit Agreement between Banco De España and the International Monetary Fund, as Trustee of the Resilience and Sustainability Trust

WHEREAS the International Monetary Fund (the “Fund”) has established the Resilience and Sustainability Trust (the “Trust”) to assist in fulfilling the purposes of the Fund by providing loans under the Resilience and Sustainability Facility of the Trust (the “RSF”) to eligible Fund members to enhance their economic resilience and sustainability;

WHEREAS, the Kingdom of Spain (“Spain”) has committed to contribute financial resources to the loan account (“Loan Account”), the deposit account (the “Deposit Account”) and the reserve account (the “Reserve Account”) of the Trust in accordance with the provisions of the Instrument to Establish the Resilience and Sustainability Trust (the “RST Instrument”); and

WHEREAS, to fulfill Spain’s commitment, Banco de España (the “Contributor”) and the Fund, as Trustee (the “Trustee”) of the Trust, have reached understandings on a deposit agreement (the “Deposit Agreement”) and a borrowing agreement (the “Borrowing Agreement”) to contribute to the Deposit Account, and to the Loan Account respectively, and the Ministry for the Economy and Digitalization and the Trustee have also reached understandings on a reserve contribution agreement (the “Reserve Contribution Agreement”) to contribute to the Reserve Account;

NOW, THEREFORE, the Contributor and the Trustee agree on the terms and conditions of this Deposit Agreement as follows:

1. **Amount of the Deposit.** The Contributor shall make a deposit (the “Deposit”) of an SDR denominated amount equivalent to Euro 305,000,000 with the Deposit Account of the Trust (the “Original Amount of the Deposit”). This SDR-denominated amount will be determined at the exchange rate for the euro in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund’s Articles of Agreement and the rules and regulations of the Fund thereunder as of the second (Fund) business day before the value date of the transfer by the Contributor of its contribution to the Reserve Account under the Reserve Contribution Agreement.
2. **Denomination and Media.**
 - (a) The Deposit shall be denominated in SDRs.
 - (b) The Deposit shall be made in SDRs.
 - (c) The Deposit shall be made promptly on or after the effectiveness of this Deposit Agreement.
3. **Maturity.** The Deposit shall mature on November 30, 2050 (the “Maturity Date”).

4. **Investment Strategy and Risk Disclosure.**

(a) The resources from the Deposit shall be invested by the Trustee in accordance with the guidelines adopted by the Trustee pursuant to Section VI, paragraph 4(a) of the RST Instrument.

(b) The assets of the Deposit Account are exposed to market and credit risk which could result in potential losses to the Original Amount of the Deposit.

5. Notional Value of the Deposit. For the purposes set out in paragraphs 6, 7, 8, and 9 of this Deposit Agreement, the Trustee shall calculate the notional value of the Deposit based on the Original Amount of the Deposit and subsequently any attributed investment earnings or losses, interest payments made to the Contributor pursuant to paragraph 6 of this Deposit Agreement, if any, and transfers pursuant to paragraphs 8, 9, 10 or 11 of this Deposit Agreement or pursuant to Section VI, paragraphs 1(c) and 4(b)(2) of the RST Instrument (“Notional Value”).

6. **Interest.**

(a) The Trustee shall pay the Contributor interest on the Original Amount of the Deposit less any amounts repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, at the SDR interest rate established by the Fund pursuant to Article XX, Section 3 of the Fund’s Articles of Agreement. Interest shall accrue daily and shall be paid promptly by the Trustee on a quarterly basis after January 31, April 30, July 31 and October 31 of each year. Any payment of interest shall be limited to the Notional Value of the Deposit.

(b) Following any full repayment of the Deposit in accordance with paragraphs 7 and 9 of this Deposit Agreement, all remaining interest under paragraph 6(a) above, shall be paid to the Contributor at the end of the Fund financial quarter in which repayment was made.

7. Repayment upon Maturity. As soon as practicable following the Maturity Date, the Trustee shall repay the Deposit to the Contributor. The repayment amount shall be the lower of: (a) the Original Amount of the Deposit less any amount(s) repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, and (b) the Notional Value of the Deposit. To the extent any transfers are received in the Deposit Account pursuant to Section VI, paragraph 1(c) of the RST Instrument after the Maturity Date, the Trustee shall promptly repay to the Contributor any amounts received that are attributable to the Deposit.

8. Encashment. The Contributor shall have the right to seek early repayment of all or part of the Deposit (the “Encashed Deposit”), pursuant to Section VI, paragraph 5(e) of the RST Instrument, if the Contributor represents that the balance of payments and reserve position of Spain justifies the early repayment in advance of the Maturity Date and the Trustee, having given the representation the overwhelming benefit of any doubt, agrees. The Encashed Deposit amount may not exceed the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph or paragraph 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower. The Contributor agrees to restore an amount

equivalent to the Encashed Deposit to the Deposit Account as soon as practicable in light of favorable developments in Spain's balance of payments and reserve position, as evidenced by the inclusion of Spain's currency in the Fund's Financial Transactions Plan.

9. Early Repayment.

(a) The Trustee may repay all or part of the Deposit at any time in advance of the Maturity Date; provided that the repayment amount may not exceed the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph or paragraph 8 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower; and provided further that the Trustee will give notice to the Contributor at least five (5) Fund business days prior to any advance repayment.

(b) If Spain does not provide its consent to a proposed amendment to the RST Instrument as required under Section X, paragraph 2(a) of the RST Instrument, the Contributor may request the return of a portion of the Original Amount of the Deposit less any amount(s) repaid to the Contributor under this paragraph and paragraph 8 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower, with that portion based on the ratio of remaining uncommitted loan resources to total loan commitments to the Trust under the Borrowing Agreement in accordance with Section X, paragraph 2(b) of the RST Instrument.

10. Liquidation. If the Trustee decides to wind up the operations of the Trust, the Trust shall repay the Deposit to the Contributor, at the Original Amount of the Deposit less any amount(s) repaid to the Contributor under paragraphs 8 or 9 or transferred by the Contributor under paragraph 11 of this Deposit Agreement, or the Notional Value of the Deposit, whichever is lower, and in accordance with liquidation procedures under the RST Instrument, provided that the Trustee shall notify the Contributor in advance of the repayment. Payment will be made to an account specified by the Contributor, which can include an account or trust administered by the Fund.

11. Transfer of Claims.

(a) The Contributor shall have the right to transfer at any time all or part of any claim on the Deposit Account to any member of the Fund that is a participant in the Fund's SDR Department, to the central bank or other fiscal agency designated by such a member for purposes of Article V, Section 1 of the Fund's Articles of Agreement, or to any official entity that has been prescribed as a holder of SDRs pursuant to Article XVII, Section 3 of the Fund's Articles of Agreement.

(b) The transferee shall acquire all the rights of the Contributor under this Deposit Agreement with respect to repayment of and interest on the transferred claim, except that the transferee shall acquire the right to request early repayment under paragraph 8 of this Deposit Agreement only if it is a member or the central bank or other fiscal agency of a member and, at the time of transfer, the member's balance of payments and reserve position was considered sufficiently strong in the opinion of the Fund for its currency to be usable in transfers under the Fund's Financial Transactions Plan.

12. Modality of Interest Payment and Repayment of the Deposit.

(a) Unless otherwise agreed between the Contributor and the Trustee, payment of interest and repayments of the Deposit shall be made in SDRs.

(b) Payment of interest and repayment of the Deposit in SDRs shall be made by crediting the amount due to Spain's holdings account in the Special Drawing Rights Department. If the due date is not a business day of the Fund, the payment shall be made on the following business day for the Fund.

(c) Payment of interest and repayment of the Deposit by the Trustee in currencies shall be made to an account as agreed between the Trustee and the Contributor. If the due date is not a business day of the Fund or the Target system or the domestic markets of the non-euro currencies included in the SDR basket, the payment shall be made on the following business day for the Fund, the Target system and the domestic markets of the non-euro currencies included in the SDR basket.

13. Exchange Rate. Unless otherwise agreed between the Contributor and the Trustee, all transfers, exchanges, payments of interest, or repayments of the Deposit under this Deposit Agreement in currencies shall be made at the exchange rates for the relevant currencies in terms of the SDR established by the Fund pursuant to Article XIX, Section 7(a) of the Fund's Articles of Agreement and the rules and regulations of the Fund thereunder for the second (Fund) business day before the value date of the transfer, exchange, payment of interest, or repayment.

14. SDR Basket. If the Fund changes the currency composition or currency weights of the SDR basket, all transfers, exchanges, payments of interest, and repayments of the Deposit two or more (Fund) business days after the effective date of the change shall be made on the basis of the new SDR basket.

15. Dispute Resolution. Any question arising under this Deposit Agreement shall be settled by mutual agreement between the Contributor and the Trustee.

16. Execution and Effectiveness.

(a) This Deposit Agreement may be executed in one or more duplicate counterparts, each of which shall be deemed an original, and which together shall constitute one and the same instrument.

(b) This Deposit Agreement shall become effective on the last date written below.
