

MEETING AT TREASURY
October 9, 1943
1:30 P M

Present: The Americans who were at the 11:00 A M meeting.

Mr. White wanted to leave it as it was left with the British but Pasvolsky and others urged him to get out a brief list of important points to be covered in the minutes. It was agreed to telephone the British and tell them that such a document was being prepared.

The Americans met again at 4:00 P M and looked over the draft prepared in the meanwhile. A few small changes were made.
