Letter # 46

May 9, 1945

Dear Bill,

The enclosed files contain several legal memoranda which have been prepared for Joe DuBois' use in Moscow. I believe they will be helpful to you and also to Col. Bernstein. It should be borne in mind, however, that with the exception of the first document these memoranda do not constitute General Counsel's opinions or official memoranda, and that we realize that they can stand a good deal more work and polishing.

Will you please keep one copy for yourself and see that Col. Bernstein gets the other two?

Sincerely,

(Signed) Harold Glasser
