

PARAPHRASE OF TELEGRAM SENT

FROM: Secretary of State, Washington  
TO: American Embassy, London  
DATED: September 22, 1944  
NUMBER: 7738

OCT 9 1944

SECRET

Reference is made in the following to the Embassy's September 8 cable No. 7379.

Public statements at this time are not believed desirable, and a warning statement is planned for the near future with respect to continuation of Proclaimed List. Some publicity is being considered by us when Bretton Woods Resolution VI is transmitted to neutral governments, and the subject of your reference cable will probably cover these statements. Further statement before such statement as may be made on Bretton Woods Resolution VI and statement on continuation of Proclaimed List, taken with prior declarations, would not seem desirable or necessary.

HULL
