MEMORANDUM

To: Messrs. Bernstein and van Campenhout
From: Mr. Coe
Subject: Definitions for Draft Rules and Regulations

Section B of the Draft Rules and Regulations makes reference to extended definitions of the terms "gold" and "currency" as they should be understood in the document. The Executive Board has requested that memoranda be prepared jointly by the Legal and Research Departments defining each of these terms for purposes of the Rules and Regulations.

The Board would like to have the memoranda submitted in the near future in order to permit Board review before presentation of the Rules and Regulations to the Board of Governors at the Annual Meeting.
