In the attached notifications dated April 8 and April 14, 1983 the Western Samoan authorities notified the Fund of two depreciations of the tala against the New Zealand dollar. Effective April 8, 1983 the mid-point exchange rate between the Western Samoa tala and the New Zealand dollar was changed from WSS\$1.0069 = \$NZ 1 to WSS\$1.0167 = \$NZ 1. On April 14, 1983 the mid-point rate was adjusted further from WSS\$1.0167 = \$NZ 1 to WSS\$1.0281 = \$NZ 1. The cumulative depreciation of the tala vis-à-vis the New Zealand dollar represented by these two adjustments was 2.1 per cent.

Western Samoa's exchange rate adjustments that are now being notified to the Executive Board, along with the adjustment in February (EBS/83/31, 2/10/83), are in line with the Executive Directors' recommendation, in the context of the Article IV consultations with Western Samoa, concluded in January 1983, for early and realistic action in the area of exchange rate policy.
