

EB/CQuota/83/5

February 24, 1983

To: Members of the Committee of the Whole on Review of Quotas

From: The Secretary

Subject: Eighth General Review of Quotas, Proposed Maximum Quotas--
Additional Calculations

In the light of the discussion of the Committee of the Whole this morning and this afternoon, there are attached a number of tables as follows:

Table 1: Quota Shares and Voting Shares Based on Corrected Data--this table replaces the table entitled "Unrounded Quotas, Quota Shares and Voting Shares Based on Corrected Data" which appeared in the Appendix (pp. 4 and 5) of EB/CQuota/83/4, February 17, 1983. It shows the new quotas as calculated to the third digit after the decimal point; all other digits have been truncated.

Table 2: Proposed Maximum Quotas, Quota Shares, and Voting Shares with all quotas rounded up from the figures appearing in Table 1 above to the next higher multiple of SDR 1 million.

Table 3: Proposed Maximum Quotas, Quota Shares, and Voting Shares on the assumption that the quotas of countries with present quotas of SDR 10 million and less (17 members) are increased from the figures shown in the above-mentioned Table 1 to the next higher multiple of SDR 1 million, while the proposed maximum quotas of all other members are increased to the next higher multiple of SDR 0.1 million.

All tables and calculations include Kampuchea with its present quota of SDR 25 million (with no increase in quota indicated for this member), and the names of members are now listed in all tables alphabetically as they would enter the Appendix to the Draft Resolution to be submitted to the Board of Governors.
