

4. SIERRA LEONE - REPRESENTATIVE RATE FOR SIERRA LEONEAN LEONE

The Fund finds, after consultation with the Sierra Leonean authorities, that the representative exchange rate for the Sierra Leone leone under Rule 0-2(b)(i) against the U.S. dollar is the mid-point of the buying and selling rates. The Central Bank of Sierra Leone will notify the Fund of changes in the rate and will advise of any change in the definition of the representative rate for the Sierra Leonean leone.
