2. The Governments of France, the Federal Republic of Germany, Italy, The Netherlands, Norway/Ministry of Foreign Affairs, Sweden, and the United Kingdom, and the Fund (represented by management in accordance with the Framework Account Instrument) have reached understandings regarding the establishment and operation of a new subaccount within the Framework Account, to be called the “Africa Regional Technical Assistance Centers Subaccount” (the “Subaccount”). The essential terms of these understandings are as follows:

- a. The resources of the Subaccount shall consist of amounts contributed to the Subaccount by the Governments of France, the Federal Republic of Germany, Italy, the Netherlands, Norway/Ministry of Foreign Affairs, Sweden, and the United Kingdom, and other governments or official agencies of countries, and intergovernmental agencies that subsequently reach understandings with the Managing Director to contribute to the Subaccount (Contributors), and earnings that accrue as a result of the investment of these amounts (net of any costs associated with such investments).
- b. The resources of the Subaccount will be used to finance activities of the Africa Regional Technical Assistance Centers (AFRITACs) that seek to support the Poverty Reduction Strategy Paper (PRSP) process in sub-Saharan African countries through fostering the capacity for sound macroeconomic management, strong fiscal institutions and financial systems, and timely and accurate collection and dissemination of economic data, including training and activities that strengthen the legal and administrative framework in these core areas.
- c. The Contributors and the Fund shall agree upon operational features related to the technical assistance activities agreed to be financed from the Subaccount. These features, which shall be consistent with the understandings that have been reached between the Contributors and the Fund and the Instrument governing the Framework Account, shall include the design of the technical assistance supported by the Subaccount, the types and amounts of expenses that may be financed from the Subaccount, and the procedures to be followed. The understandings shall also determine the conditions governing and methods used for the disposition of any net contributions for purposes of paragraph 13 of the Instrument governing the Framework Account.

- d. Resources will be placed in the Subaccount by the Contributors after signature of Letters of Understanding between the Contributors and the Fund relating to the activities to be undertaken by the Africa Regional Technical Assistance Centers (AFRITACs), and before commitments are made by the Fund to finance any technical assistance activities.
 - e. To help defray the expenses incurred by the Fund in the administration of the Subaccount and the technical assistance activities that it will finance, reimbursement equal to 13 percent of the expenses financed from the Subaccount will be paid to the Fund from the Subaccount.
 - f. The investment, accounting, reporting, and auditing procedures will be consistent with the provisions set forth in the Instrument governing the Framework Account.
3. Since the technical assistance activities to be financed from the Subaccount would be consistent with the purposes of the Fund, it is recommended that the proposed establishment and operation of the Subaccount be approved.
