The initial use of the Subaccount will be to finance projects that seek to enhance the capacity for formulating and conducting effective monetary, exchange, and financial policies and operations in Afghanistan.
 - d. To help defray the expenses incurred by the Fund in the administration of the Subaccount and the technical assistance activities that it will finance, reimbursement equal to 13 percent of the expenses financed from the Subaccount will be paid to the Fund from the Subaccount.
 - e. The investment, accounting, reporting, and auditing procedures will be consistent with the provisions set forth in the Instrument governing the Framework Account.
3. Since the technical assistance activities to be financed from the Subaccount would be consistent with the purposes of the Fund, it is recommended that the proposed establishment and operation of the Subaccount be approved.
