Subject: **Composition of the Evaluation Group**

Considerable interest has been shown in expanding the membership of the evaluation group. After consultation with the Dean of the Board, I would propose to expand the group from four to six by adding Mr. Bernes and Mr. Zamani. These Directors have indicated their willingness to serve on the group. The evaluation group would then consist of Mr. Esdar (Chairman), Mr. Bernes, Mrs. Guti, and Messrs. Mirakhor, Wijnholds, and Zamani. It would continue to be the practice of the group that any Executive Director may attend meetings of the group and participate in its deliberations. I would not propose to change the proposed membership of the various Standing Committees of the Board from that shown in the attachment to EBD/96/153.
