Paragraph 12 of Decision No. 11627- (97/123), adopted December 17, 1997, on the Supplemental Reserve Facility (SRF) calls for a review of the decision and its operation not later than December 31, 1998.<sup>1</sup> For that purpose, on December 9, 1998, a paper on the review of the facility and preliminary consideration of a contingent credit line was circulated to the Executive Board and tentatively scheduled for discussion on Monday, December 21, 1998.<sup>2</sup> However, at the request of a number of Executive Directors, consideration of that paper has been rescheduled for January 13, 1999. Accordingly, it is proposed to extend the deadline for the review of the SRF and its operation to not later than January 31, 1999.

The following decision is proposed for adoption by the Executive Board:

In paragraph 12 of Decision No. 11627-(97/123) SRF, "December 31, 1998" shall be replaced by "January 31, 1999."
