Subject: **Framework Administered Account for Selected Fund Activities—
United States Subaccount for Selected Fund Activities**

Attached for consideration by the Executive Directors is a paper that requests Executive Board approval to establish the United States subaccount under the terms of the new Framework Administered Account to administer external financial resources for selected Fund activities (the “SFA Instrument”). The SFA Instrument was established in March 2009 (EBS/09/27, 3/6/09). In the absence of such a request, the draft decision that appears on page 3 will be deemed approved by the Executive Board and it will be so recorded in the minutes of the next meeting.

It is intended that this paper will be published on the Fund’s external website after Friday, July 30, 2010.

Questions may be referred to Ms. Kostial (ext. 35349) and Mr. Mendis (ext. 37314) in OTM.

This document will shortly be posted on the extranet, a secure website for Executive Directors and member country authorities.

1. In March 2009, the Fund established a new Framework Administered Account to administer external financial resources for selected Fund Activities (the “SFA Instrument”).¹ The financing of activities under the terms of the SFA Instrument is implemented through the establishment and operation of a subaccount within the SFA. This paper requests Executive Board approval to establish the United States Subaccount for Selected Fund Activities (the “Subaccount”) under the terms of the SFA instrument.

2. The Fund, represented by the Managing Director, has reached understandings with the United States acting through the Department of the Treasury (“United States”), to finance capacity building, training and related activities. On the basis of these understandings, the Managing Director has established the essential terms and conditions of the Subaccount, with which the United States concurs, with respect to the nature, design, and implementation of the activities to be financed and the method by which the costs of the activities will be financed from the Subaccount. These terms and conditions include the following:

a. The resources of the Subaccount shall consist of amounts contributed to the Subaccount by the United States and earnings that accrue as a result of investment of these amounts (net of any costs associated with such investments). The resources of the

Subaccount will be used to finance projects that seek to enhance the capacity of Fund members to formulate and implement policies in the macroeconomic, fiscal, monetary, financial and related statistical fields, including training programs and projects that strengthen the legal and administrative framework in these core areas.

b. The United States and the Fund shall reach understandings upon operational features related to the activities to be financed from the Subaccount, consistent with the understandings that have been reached between the United States and the Fund and the Instrument governing the SFA.

c. Resources will be placed in the Subaccount by the United States on the basis of Letters of Understandings signed between a United States government agency and the Fund relating to specific activities to be undertaken. The Subaccount will permit the United States to transfer resources from the United States Subaccount to any subaccount under the SFA.

d. To help defray the expenses incurred by the Fund in the management of the Subaccount that it will finance, reimbursement equal to 7 percent of the expenses financed by the Subaccount will be paid to the Fund from the Subaccount.

3. The essential terms and conditions of the Subaccount are consistent with the terms and conditions of the SFA Instrument, and the activities to be financed from the Subaccount are consistent with the purposes of the Fund. Accordingly, it is proposed that the Executive Board approve the establishment of the Subaccount.
