To all Fund Governors except Viet Nam

Dear Governor:

I am pleased to inform you that effective October 6, 1993, the Executive Board of the International Monetary Fund terminated Viet Nam's ineligibility to use the general resources of the Fund. This decision was taken following a payment by Viet Nam on October 5, 1993 equivalent to SDR 100.2 million which fully settled its overdue financial obligations to the Fund. Settlement of Viet Nam's arrears was facilitated through a combination of grants provided by the Support Group for Viet Nam under the co-chairmanship of France and Japan and bridge finance from commercial institutions.

The restoration of Viet Nam's eligibility to use the Fund's general resources represents a further case of settlement of protracted arrears under the cooperative strategy on overdue obligations to the Fund.

Also on October 6, 1993, the Executive Board approved a stand-by arrangement and a first purchase under the Systemic Transformation Facility to support Viet Nam's economic program for the period October [6], 1993 through October [5], 1994.

The Fund is continuing to work with other members with protracted arrears and with donors and creditors within the framework of the cooperative strategy. The successful outcome in the case of Viet Nam and with respect to Cambodia, on which I am writing to you separately, is further evidence of the effectiveness of this strategy, and I am confident that there will be other such successes to report to you in the period ahead.

Best regards,  
Richard D. Erb
