In connection with a pending grievance, a staff member has been authorized by the Grievance Committee to seek the views of an outside economist regarding the merits of certain papers produced by the staff member in the course of his duties. The Grievance Committee has determined that this assessment might be facilitated by an examination of an Annex to SM/90/49, Thailand - Recent Economic Developments, and has requested the release of that document to an outside party, on the understanding that the individual will treat this document as confidential and not for use or disclosure apart from the grievance. The Executive Director for Thailand has no objection, and it is proposed to release the document.

In the absence of an objection from an Executive Director by noon on Thursday, November 4, 1993, this proposal will be deemed to have been approved, and it will be so recorded in the minutes of the next meeting thereafter.
