01

EBD/86/179  
Supplement 1

July 8, 1986

To: Members of the Executive Board  
From: The Secretary  
Subject: Bolivia - Technical Assistance

In EBD/86/179 (6/27/86), a request from Bolivia for technical assistance was brought to the attention of the Executive Directors. Through inadvertence, the notice included a paragraph calling for lapse of time consideration; the paragraph was not needed because the consultant handling the advisory mission to Bolivia is currently not with the Fund, but with the World Bank. Under the circumstances, approval of the Executive Board was not required.
