Subject: Haiti - Request for Technical Assistance

A request has been received from the Haitian authorities for technical assistance in the budget and expenditure control field. This would comprise a comprehensive review of the budgetary process, the procedures for reinforcing expenditure controls, and advice on the reorganization of the budget office.

It is proposed to comply with this request and to send to Port-au-Prince for about three weeks, in the second half of January 1986, a mission comprising Mr. A. Tazi, Economist, Budget and Expenditure Control Division, Fiscal Affairs Department, together with a member of the fiscal panel experienced in budget matters.

In the absence of a request for discussion by an Executive Director by noon on Thursday, December 26, 1985, the proposal will be deemed to have been approved by the Executive Board and it will be so recorded in the minutes of the next meeting thereafter.
