INTERNATIONAL MONETARY FUND

**The Secretary's Understanding  
Review of Access Limits and Surcharge Policies  
Executive Board Meeting 16/14  
February 17, 2016**

The Executive Board adopted decisions regarding the Fund's access limits, surcharges, commitment fees, and related policies in the Fund's General Resources Account (GRA), and with regard to Article IV consultation cycles.<sup>1</sup>

Directors noted that the decisions on access limits and surcharge policies will be reviewed as needed, consistent with the April 2015 Executive Board decision on implementing streamlining policy reviews. They broadly agreed that the next review of access limits and surcharge policies should be brought forward to an earlier date, including following the finalization of the Fifteenth General Review of Quotas.
